

Eran Shmaya. Updated: April 7, 2011

Kellogg School of Management, MEDS Department
e-shmaya@kellogg.northwestern.edu

Education

- B.Sc., School of Mathematics, Tel Aviv University, 1994
- M.Sc., School of Mathematics, Tel Aviv University, 2002
- Ph.D., School of Mathematics, Tel Aviv University, 2007. Advisor: Ehud Lehrer

Publications

- [1] Eran Shmaya, *The determinacy of infinite games with eventual perfect monitoring*, Proceedings of the American Mathematical Society. forthcoming.
