

# Small Business Evaluation & Entrepreneur's (SBEE) Program

Thursday, November 9, 2006 at 6:00 pm

Tech Institute, Room L150

*Light refreshments served*

- ✓ Hear presentations on new technologies in the exciting field of nanotechnology
- ✓ Explore opportunities to assist with the development of business plans
- ✓ Get involved on the ground floor

## Agenda

6:00	Barry Merkin Chad Mirkin	Welcome & Introduction by SBEE Co-Directors
6:20	SonBinh Nguyen	Polymer Nanoparticles for Drug Delivery
6:50	Karen Greig	Graphene Based Materials
7:25	Jim Morrissey	Blood Clotting of Nanostructures
8:00	Erik Sontheimer Richard Carthew	Improving RNAi for Therapeutics
8:30	Open Forum	

This program is supported primarily by the Nanoscale Science and Engineering Initiative of the National Science Foundation under NSF Award Number EEC- 0647560..
