KELLOGG WORKS

CAREER MANAGEMENT CENTER

A lifelong partner for career development.
An ever-deeper pool of talent for the world
of business and beyond.

On behalf of the Kellogg Career Management Center, thank you for your partnership.

We are thrilled that you are an active part of the Kellogg School of Management community. Your willingness to engage and recruit our students led to strong employment numbers among the graduated class of 2013 and the summer intern class of 2014. We hope that these talented new hires — all of whom are smart, agile and collaborative — will help drive further success at your organization, and that they realize their full leadership potential with you.

Enclosed are employment statistics for both classes. These key demographics paint a clear picture of our robust employment landscape.

In a rapidly changing and uncertain economy, Kellogg students continue to bring intellectual rigor, strong collaborative skills and a global perspective to their employers. We hope that as you gain a sense of your hiring needs for this year, you will reach out and let us know how we can assist you.

We look forward to working with you for many years to come.

Northwestern University is an equal opportunity, affirmative action educator and employer.

Northwestern University does not discriminate or permit discrimination by any member of its community against any individual on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, parental status, marital status, age, disability, citizenship, or veteran status in matters of admissions, employment, housing, or services or in the educational programs or activities it operates.

Harassment, whether verbal, physical, or visual, that is based on any of these characteristics, is a form of discrimination. This includes harassing conduct affecting tangible job benefits, interfering unreasonably with an individual's academic or work
