

PUTTING KELLOGG TO WORK.

CAREER MANAGEMENT CENTER

A lifelong partner for career development.
An ever-deeper pool of talent
for the world of business and beyond.

NORTHWESTERN UNIVERSITY

Dear Employers:

We are thrilled that you are an active part of the Kellogg School of Management community through the engagement and recruitment of our students. This engagement led to strong employment numbers among the full-time class of 2012 and the summer intern class of 2013. We hope that these talented new hires will help drive further success at your organizations, and that they realize their full leadership potential with you. Maintaining a high-potential talent pipeline is one of Kellogg's key contributions to the market and one of its most important charges.

Enclosed you will find employment statistics on both classes. You will see key demographics and information that paint an aggregate picture of our employment landscape. Please do not hesitate to contact us if you have any questions or feedback about this material.

In a rapidly changing and uncertain economy, Kellogg students continue to bring intellectual rigor, strong collaborative skills and a global perspective to their employers. We hope that as you gain a better sense of your hiring needs for this year, you will reach out and let us know how we might assist you. We are looking forward to working with you and aim to be your first stop for MBA-level talent.

On behalf of the Kellogg Career Management Center, thank you for your partnership.

Regards,

A handwritten signature in black ink, appearing to read "Michael".

Michael F. Malone
Managing Director, Career Management Center
