## ELECTIVES

The approximate number of electives offered per term is 35-55.

## REQUIRED COURSE LOAD

The number of credits (i.e. electives) considered to be a full work load for a full time MBA student is 4. Exchange students can choose to take between 3-5 electives (maximum 2 block week courses) during the exchange term.

## Important Note:

Electives are chosen by students using the Elective Bidding System. As users of the Elective Bidding System, students will be able to show the strength of their preference through the number of points they bid and have direct control over whether they are enrolled on a course. This system has 2 bidding rounds and 2 rounds of add/drop. Once the deadline for add/drop has passed, no changes can be made to the selection of courses that students have made. There is not a 'taster week' for electives. If a student does not complete a course once it has started, they will fail that course.

## LANGUAGE OF INSTRUCTION

All classes are taught and assessed in English - exchange students must be able to write, converse in, and comprehend English. We do not have TOEFL requirement for exchange students. We do however expect our exchange students to be of the same "good standard" as our own MBA students.

TOEFL requirements for our MBA students are: New Internet-based TOEFL Total: min 110  
Computer-based TOEFL Total: min 270 Paper-based TOEFL Total: min 637
