Sally Blount '92

Processional

Faculty and Students

KEYNOTE SPEAKER

Charlie Baker '86

Governor, State of Massachusetts

Governor Charlie Baker was inaugurated as the 72nd governor of Massachusetts on January 8, 2015. Since taking office, he has been making Massachusetts a great place to live, work and raise a family while delivering a customer service-oriented state government that is as hard working as the people of the Commonwealth.

Upon taking office, Governor Baker worked to close two budget gaps worth more than \$2 billion without raising taxes, while bolstering local aid for schools and communities, investing in a more reliable public transportation system and prioritizing funds to fight the opioid and heroin epidemic.

Governor Baker has supported robust business sectors by reforming the Commonwealth's regulatory environment, holding the line on taxes and advancing efforts to rein in energy costs.

Ensuring Massachusetts continues to be a national leader in education, Governor Baker has invested more than \$4.6 billion in Chapter 70 education funding — the highest level of local education aid in state history.

Confronted with a devastating opioid and heroin epidemic, Governor Baker's administration has implemented a plan focused on prevention, intervention, treatment and recovery support, including partnering with the legislature on the passage of landmark legislation.

Met with a historic snowfall during his first winter in office that halted the Commonwealth's beleaguered mass transit system, Governor Baker undertook a major overhaul to fix the MBTA by appointing a Fiscal and Management Control Board to oversee the system's operations and finances, and prioritize investments in the core system that more than one million daily riders depend upon.

Prior to his election, Governor Baker was a highly successful leader of complex business and government organizations, serving as a cabinet secretary to both Governors William Weld and Paul Cellucci, and leading Harvard Pilgrim Health Care as CEO from the brink of bankruptcy to one of the nation's highest ranked healthcare providers.

Raised in Needham, Governor Baker and his wife Lauren reside in Swampscott, and are the proud parents of their three children, Charlie, AJ and Caroline.

CONFERRING THE ACADEMIC HOOD

Origins and symbolism

The tradition of conferring the academic hood has a long history. During the twelfth and thirteenth centuries, when universities were evolving in medieval Europe from their ecclesiastical beginnings, the ordinary dress of a scholar was that of a cleric. Inhabiting unheated monastic buildings, students and teachers wore long robes, often with hoods to cover tonsured heads. Over the centuries, academic garb gained educational status and shifted away from its former associations with practical dress. The clothing began to differ in length and color of lining and trim, based on degree, school and faculty, according to university prescription.

In the United States, most academic dress follows the general provisions of the Intercollegiate Code of 1895, as most recently revised in 1959. Under this code, the master's hood is three and one-half feet in length and the doctor's four feet. The velvet border of the hood is three and five inches wide for the master's and doctor's degrees, respectively. The hood is lined with satin in the official color of the school. At Northwestern, the hood is lined in purple (the school's color) with gold chevrons. The color of the hood's border indicates the type of degree being awarded: dark blue velvet is the universal PhD, acorn velvet is the universal MBA.
