Timing & Tips

Organizing your visit

- Please note that not all the places will have open houses. Therefore please plan your visit accordingly (for example by reaching out to current students)

Timing

- Don't Stress! You don't need to get a place over DAK. There will still be availability over the summer
- Use DAK weekend to check 2-3 places and get familiarized with prices and complexes

Tips

- Pay attention to what is included in rent (utilities, extra cleaning charges)
- Don't allow to property managers to pressure you to sign at DAK
- Watch for property management adding margin for nothing (e.g., charging more for parking than parking lots)
- If you have a cat / dog, contact the building
