

Homework for Session 14

1. Consider anti-dumping provisions on lumber and cement
 - a. Who gains and who loses in the U.S.?
 - b. Who gains and who loses abroad?
 - c. What are the strategies each of these groups is likely to employ? Does anti-dumping law seem to favor one of these groups?
 - d. Do anti-dumping measures raise ethical concerns? Why or why not? What are the responsibilities of managers here?

2. Oil and natural resource economies
 - a. What are special problems that oil economies face?
 - b. Is a rise in oil prices always a good thing for oil producers like Angola, Venezuela, or Saudi Arabia? Why or why not?
