## INFORMATION SESSION

Learn more about Kellogg from an admissions officer! This session will provide you with a general overview of the Kellogg curriculum, global opportunities, Career Management Center services, student culture and admissions application information. We highly recommend this session for visitors in the early stages of their MBA research. If you have already attended an offsite information session, the information covered is the same and we recommend taking advantage of a class visit during this time instead.

## DAY IN THE LIFE TOUR

Join a Kellogg student for a tour of the Global Hub! The tour is focused on providing an in depth view of student life at Kellogg. During the tour, you will learn about Kellogg's academics, culture, interviewing, student organizations, housing, living in Evanston, and much more from the student perspective!

## LUNCH WITH KELLOGG STUDENTS

Try the lunch options available to Kellogg students in our cafeteria, or bring your own lunch! Kellogg students will join you for lunch to share their Kellogg experiences and answer any of your questions.

## WBA COFFEE CHAT

The Women's Business Association (WBA), one of Kellogg's largest student organizations, hosts coffee chats to discuss women's initiatives at Kellogg and opportunities available through the student organization.
