

Northwestern University - Chicago Campus

### PARKING ADMINISTRATION

Rules and regulations for the Chicago campus have been developed with recommendations from the Parking Committee and the University Central Administration. The committee consists of representatives of the faculty, staff, and student body. The Chicago campus parking policy was developed to:

- Ensure current facilities allow maximum capacity and are allocated for use in the best interests of the University and its affiliates, including employees, students, patients, and area visitors
- Ensure an equitable assignment of all available University parking spaces
